

A New, Innovative Solution for Containment

Now Available for Rental

Regency DRT carries the STARC Systems

Regency DRT is pleased to announce a rental partnership with STARC Systems, creating the opportunity for you to utilize STARC's award winning temporary containment solution on projects throughout the State of Florida.

SOUND ATTENUATING

Sound attenuating foam core reduces renovation noise by up to 50%.

ICRA CLASS IV

Exceeds ICRA Class IV requirements when installed properly.

REAL WALL APPEARANCE

Looks great. Construction is hidden behind what looks like a real wall.

FAST INSTALLATION

100 feet of wall can be installed in an hour, saving time and money between phases.

CLASS A FIRE & SMOKE RATED

Panels tested and listed for ASTM E-84 Class A performance for smoke and fire.

EASILY DISINFECTED

Cleans easily with water and solvent-based cleaners and disinfectants.
